ROLL-X

APPLICATION AREAS

01

MOUNTING

ONE OPERATOR CAN MOUNT LARGE FORMAT

digital print and self-adhesive film to many substrates like acrylic, rigid boards, corrugated plastic, metal plate, banners and glass. The flatbed gives you complete control over positioning and produces a result free from bubbles and creases.

02

LAMINATION

DESIGNED FOR COLD FLATBED LAMINATION

of digital prints and signs, by using pressure sensitive lamination film direct from roll or sheet by sheet for minimum waste.

03

PRE-MASKING

IT ENABLES A SINGLE PERSON TO APPLY

transfer tape to cut vinyl graphics from the built in tape roll holder.

04

WORK TABLE

YOU NEED NO FURTHER CUTTING TABLE

ROLL-X® will become your new work table with a unique self-healing cutting mat, metal side lines used for trimming, height adjustable legs and adjustable/removable side trays.

ROLL-X STRENGTHS

ROLL-X

Multipurpose applicator

1 Stainless hardened steel

2 Adjustable & removable side trays

9 Electronic height adjustable legs on Professional model

5 Electronic buttons

3 No overlaying beam

14 Roller width

7 Tempered divided glass

4 Metal side lines used for trimming

8 Solid and strong frame construction

6 The well-designed Linear guidance system

11 Possibility to adjust each electronic leg individually

12 Equipped with wheels for good movability

10 ROLL-X comes in modules to reduce freight costs

13 Ergonomically designed for optimal working position

YOULIFTER® 60E UNIVERSAL LIFTER

E-ECO

The E-Trolley is our smallest lifter, offering a very swift and flexible lifting trolley. The lifting capacity of this lifter is max. 60 kg / 132 lb. To ensure maximal safety the trolleys possess a built-in release function, which serves as protection from crushing injuries and prevents the trolley from tipping over.

The tray design makes it possible to load/unload material from printers and is perfect for scooping up heavy material from your flatbed applicator.

YOULIFTER® 90IE UNIVERSAL LIFTER

IE-INDUSTRIAL ECO

The IE-trolley is our medium-sized lifter. A great compromise between the strong P-trolleys and the sleek E-trolleys. They're stable with a fully welded chassis, but are still "almost" as slim as our E-trolleys. They are capable of lifting up to max: 90 kg / 198 lb. To ensure maximal safety the trolleys possess a built-in release function, which serves as protection from crushing injuries and prevents the trolley from tipping over. The tray design makes it possible to load/unload material from printers and is perfect for scooping up heavy material from your flatbed applicator.

YOULIFTER® 120P UNIVERSAL LIFTER

P-PROFESSIONAL

The P-trolleys are the largest, most stable, powerful and flexible in the family. The trolleys are modular and easy to assemble. They are capable of lifting up to 120 kg / 264 lb. To ensure maximal safety the trolleys possess a built-in release function, which serves as protection from crushing injuries and prevents the trolley from tipping over.

The tray design makes it possible to load/unload material from printers and is perfect for scooping up heavy material from your flatbed applicator.

ROLL-X® VinylRemover

THE ROLL-X® VINYLREMOVER IS CAPABLE OF STRIPPING AWAY ANY FILM FROM YOUR CUTTING PLOTTER OR PRINT'N CUT. It is designed for easy mounting on your ROLL-X® and you can even use it on a portable table stand. It's operated with a single hand driven crank and gets the job done in no time. You can even pause in the middle of a job to attend other business and finish the job later. Including magnet adaptor for easy mounting on your ROLL-X®.

MODEL NAME	ROLL-X® VinylRemover VR15-170
Part no.	71854
Working width	1 700 mm / 5ft. 7in.
Price	16 155 kr

Table Stand kit to be mounted on your ROLL-X® VinylRemover. For easy move between tables. Fits all VR15 sizes.

MODEL NAME	ADOPTOR 170
Part no.	7187
Price	3 250 kr

MODEL NAME	MEDIA ROLLER 170
Part no.	71874
Price	1 970 kr

MEDIA ROLLER

TABLE STAND

Media Roller kit for easy mounting on the back of your ROLL-X® VinylRemover. Suitable for larger jobs from roll. From your plotter or printer.

MODEL NAME	TABLE STAND
Part no.	71872
Price	2 150 kr

ROLL-X® IS A MONEY MAKER

**WANT TO SEE HOW MUCH TIME
AND MONEY YOU CAN SAVE?**

While getting access to a technology that will revolutionize your entire work process? The ROLL-X® ROI Calculator easily calculates how much you earn on replacing your traditional approach to the unique ROLL-X® Flatbed Applicator method. How much foil and premask do you use? How much time do you spend per application? What is the total labour cost? Fill in your values and discover how fast your return on investment will be.

**THE QUESTION IS CAN YOU
AFFORD NOT TO?**

ROI Calculator

roll-x.se/calculator

GENERAL INFORMATION

REQUIREMENTS:

ROLL-X® Multipurpose Applicator requires air supply of 2,5 bar / 36 psi / 0,25 MPa pressure, 230 volt/50 Hz electrical supply (available as US model 120 volt/60Hz)

DELIVERY

ROLL-X® is delivered in parts as standard. Assembled from factory is optional.

ASSEMBLY

If delivered in parts: follow the ROLL-X® installation manual included in the package.

If delivered fully assembled: lift the machine off the pallet, connect it to a power supply and follow instructions in the Owner´s manual.

WARRANTY:

2 years warranty, excluding glass and electrical parts. Visit our website www.roll-x.se and download complete conditions.

OFFLOADING INSTRUCTIONS:

ROLL-X® requires a forklift.

If delivered in parts: Crate is 710 mm / 2ft. 4in. wide (normal length is enough).

If delivered fully assembled: Crate is 2000 mm / 6ft. 7in. wide and we here recommend forks at least 1 700 mm / 5ft. 7in. long and sufficient capacity to lift the full weight of the ROLL-X® model.

Lift the ROLL-X® under the steel frame (see user manual)
